

BeeWise Immunize

Your
VACCINATION
HEADQUARTERS
Marion County Health
Department
620-382-2550

Now is the ideal time to get your child's vaccinations for the coming school year. The Marion County Health Department is your Vaccination Headquarters. Our knowledgeable staff can assist you in ensuring your child is protected from infectious diseases. Call and make an appointment today; Wednesdays are dedicated exclusively to giving Immunizations.

The Marion County Health Department is the only authorized VFC (Vaccines for Children) provider in Marion County. VFC is a State & Federal program which ensures that children covered by Medicaid get their vaccines at no cost; children who are uninsured can also receive vaccines, and parents pay only for the administering of the vaccines, which is \$20 per shot.

We accept BCBS, Medicaid insurances (Aetna, Sunflower and United), as well as cash.

Immunization Requirements for the 2019 - 2020 School Year

K.A.R. 28-1-20 defines immunizations required for any individual who attends school or a childcare program operated by a school. Below are the requirements for the indicated school year. Please carefully review the requirements. The usual number of doses required are listed; however there are exceptional circumstances that could alter the number of doses a child needs. If you have questions about your child's immunization status, contact your child's primary care provider or local health department.

Proof of receiving the required immunizations must be provided to the school prior to the student attending the first day of school.

Early Childhood Program Operated by a School Ages 4 Years and Under

Vaccine	Requirement
DTaP/DT (diphtheria, tetanus, pertussis)	4 doses
IPV (polio)	3 doses

--------------------------------------	--------

Notes

* Varicella (chickenpox) vaccine is not required if child has had chickenpox disease **and** disease is documented by a physician signature. Without physician signature, vaccine is still required even if you believe your child has had chickenpox disease.

**Total doses needed are dependent on vaccine type and age the doses were administered.

***All Students in grades K-8, all new students and students currently completing the polio series must have 6 months between the last 2 doses of polio vaccine, and one dose must be after the 4th birthday.

~All students in grades 7-12 must have one dose of Tdap regardless of the interval since the last dose of DTaP or Td.
